

Neuro-Oncology Nursing Fellowship: Session 2

Neurology and Neurosurgery Specific Care of the Pediatric Brain Tumor Patient

Owens, Asiah, , BSN, RN, CPN, CNRN
Anne Vasiliadis, NP, CPNP-AC
Dr. John Myseros, MD

March 18, 2026
0830-1030 a.m.
Microsoft Teams

Target Audience: Direct care nurses for brain tumor patients including neuroscience, pediatric ICU, and float pool nurses

Narrative/Learning Objectives:

- Nurse fellows will have a basic understanding of the most common seizure management guidelines and medications in pediatric patients with brain tumors
- Nurse fellows will understand the different neurosurgical interventions most common in pediatric brain tumor patients and discuss the nurses' role in these interventions
- Nurse fellows will complete the Neurology and Neurosurgery pre and post test and discuss rationales as certification exam practice
